

A golden statue of Lady Justice, the personification of the Roman goddess Iustitia, stands against a clear blue sky. She is depicted with a crown, blindfolded, and holding a pair of scales in her left hand and a sword in her right hand. The statue is positioned centrally at the top of the page, behind the main title.

DEBATE FOR DEMOCRACY

The Croydon Constitutionalists are hosting a 'Debate for Democracy' of democracy honouring pro-Brexit parties in April. Representatives of the Democrats and Veterans Party, Foundation Party, Libertarian Party, SDP and UK Independence Party, will be setting out their agenda for a democratic Britain and taking part in the panel debate.

The debate will be held upstairs at the Green Dragon, 60 High St, Croydon CR0 1NA from 7pm on the 18th April 2019. All parties are pro-Brexit and honouring the biggest vote in British history. Each speaker will be given 5 minutes to talk about their party and plans for Britain free from the EU.

Democrats and Veterans Party - Neville Watson

Party spokesman for Cities, Urban Communities & Sport, Neville has been actively involved as a social / community activist for over 30 years, often fighting against the odds for social justice and equality. The party fights to ensure that the government serve the interests of the people ahead of special and foreign interests; and for the sovereign will of the British people to be asserted on our servants in Parliament - by campaigning for Direct Democracy.

Foundation Party – Chris Mendes

Party Leader Chris has declared the major political parties not fit for purpose, the country is desperately missing a party, one that is more patriotic and genuinely at the service of ordinary people rather than themselves. Chris was the Vote Leave lead in Croydon South during the referendum. The Foundation Party is a long-term project for building a serious platform for clear patriotic principles for like-minded individuals who believe that our country can do so much better.

Libertarian Party – Sean Finch

Libertarian party candidate in the Lewisham East By Election, Sean is an avid free-speech advocate. The party stands for lower taxes for both individuals and companies, small government, free speech and individual responsibility. They support free trade and free enterprise whilst believing that people should make their own choices and not rely on the government. They support a withdrawal from the European Union and a return to the free trade agreements that it was founded on.

SDP – Richard Plackett

Richard is the London and South East Regional Organiser for the Social Democratic Party. The SDP represents the radical centre of British politics today, defining the limits of the market and the state and harnessing both to rebuild Britain. The Party aims to provide a political home to all social democrats who seek a stronger and more capable state along with greater individual responsibility, trust and social solidarity.

UKIP – Hoong Wai Cheah

UKIP Croydon Chair Hoong Wai has stood in Coulsdon for recent council elections and Lewisham West in the 2017 general election. UKIP is a Party that represents freedom, freedom from the European Union, freedom from political correctness and Cultural Marxism, freedom of speech, and freedom to be proud to be British. UKIP's mission is to show the way forward for Britain as an independent, self-governing, democratic nation. They want trade, friendship and co-operation with the world.

This is a great chance to see local representatives of parties that are growing as people are increasingly dissatisfied with the discredited politics of those in Westminster.

Any reporters who would like to attend please get in contact and we will be happy to discuss anything you need for the evening.
